ABOUT

Participants can register online or offline. For online registration you will need to pay the amount for all the members using GPay and provide the UPI Transaction ID in the Registration Form. For offline registration the amount needs to be paid in registration desk in C-Quad.

In this Hackathon participants will be given a Problem Statement and will be asked to develop an application to tackle the Problem Statement within a fixed period of time.

During Registration you will be given the option to opt for Web Development or App Development. Based on your preference you will be provided a Problem Statement.

EVENT HIGHLIGHT
